Education

Master's of Computer Applications , <i>Vignan's Foundation for Science, Technology & Research (Deemed to be University)</i>	8.0	08/2024 – 03/2026 Guntur,India
Bachelor of Science & Computer Science <i>Abhyudaya Mahila Degree College</i>	8.4	06/2021 – 05/2024 Guntur,India
Board of Intermediate Education-AP , <i>Sri Chaitanya Junior College</i>	819	02/2019 – 03/2021 Guntur,India

Skills

JAVA OOP, Exception Handling, REST APIs Integration	PostgreSQL Relational Schema Design & Table Constraints Data Integrity, Foreign Keys & Transactions (ACID)
Data Structures & Algorithms Time and Space Complexity Analysis Arrays, Linked List, Stacks, Queues, Trees & Graphs Searchings & Sortings	React User Interfaces: Building reusable UI components. Location Services: Track user positioning via powerful background libraries.

Certificates

- IBM SkillsBuild AI Fundamentals Certified
- IBM SkillsBuild - Customer Engagement: Communication and Personality Dynamics
- Ethical and Responsible AI Oath Certificate

Projects

Prama – End-to-End Encrypted Collaboration Platform	02/2026 – 03/2026
Prama is a fully functional, zero-knowledge, end-to-end encrypted (E2EE) web application designed for high-security project discussions, mentorship session management, and real-time collaboration. All communication payloads are encrypted in the browser; the server only routes encrypted bytes via STOMP over WebSockets.	
AI-Based Smart Attendance with Location Tracking	12/2025 – 01/2026
Built a secure Smart Attendance System using Java, Spring Boot, and PostgreSQL to stop fake and proxy attendance. It works by checking the user's real location with GPS geofencing and verifying their phone's unique hardware ID before marking them present. The app uses secure login tokens and fast database queries so hundreds of people can clock in instantly and reliably during peak hours.	
AI-Based Fraud Detection In Online Payments , <i>(Mini Project)</i>	04/2025 – 05/2025

Interests

- Badminton
- Puzzle Solving Games
- Listening Music
